# DEDICATION

---

WALTER A. JOHNSON

We proudly dedicate this 28th volume of the Pac Sac to our friend WALTER ALBERT JOHNSON, who in twenty-five years of loyal service at our Alma Mater has coached championship teams, mediocre teams, and poor teams, but whose eyes have looked always toward the noble goal of true sportsmanship and who has forever endeared himself to all who love P. C. as we do. His duty to his nation has called him from among us for a year; but now, as it always shall, the spirit of Walter Johnson marches on in the hearts and lives of Presbyterian College men.

---

"Coach," accept our gratitude, affection, and respect, and, accepting them, know that they are deeper and truer than words can tell.

**Walter Albert Johnson** was born in Milwaukee, Wisconsin, on April 3, 1893. He attended the public schools of Milwaukee and the Normal School of Physical Education at Battle Creek, Michigan, and arrived at Presbyterian College back in August, 1915.

It was then that the athletic plant developed from bare, unfenced fields to what is considered one of the best small college plants in the nation. And it was largely through his instrumentality that the Leroy Springs gymnasium was built in 1924, the W. Cyrus Bailey stadium erected, the track and Johnson field completed, the Springs indoor swimming pool constructed, and Young field secured. To Walter Johnson goes a large portion of the credit for the vast development in athletics that this school has seen in the past twenty-five years.

Coach Johnson has an enviable won-lost record at Presbyterian College in every sport. Particularly outstanding is his football record, including competition against such schools as Duke, Clemson, Georgia Tech, Furman, South Carolina, Wake Forest and others. His teams, over the twenty-five year period have been victors 103 times, been defeated 96 times, and tied 19 times. They have amassed 2,109 total points against 2,338 for the opposition.

The greatest tribute ever paid the veteran mentor came on September 21, 1940, when Clemson College joined with Presbyterian in honoring the coach by staging their annual football game in Clinton, the first meeting of the two teams on P. C. soil. 7,000 fans paid tribute to Walter Johnson on that day, jammed enlarged Bailey Memorial stadium to overflowing, heard the governor of the state and other celebrities pay tribute, and watched a mammoth parade staged by students of the college in honor of the veteran mentor.

"Coach" has been active in the American Legion, serving as Commander and Executive Committeeman of his post. He is secretary and past president of the Clinton Rotary club. The Clinton Lions club once awarded him a plaque as Clinton's most valuable citizen of the year. He is a deacon and trustee of the First Presbyterian Church of Clinton, a Shriner, and a member of the Clinton Chamber of Commerce. He was awarded honorary membership in Blue Key, top leadership fraternity symbol, by the students of Presbyterian College. He was instrumental in the founding of the Clinton unit of the National Guard, serving as its captain until 1940 when he was promoted to the rank of major.

Such is Walter Albert Johnson, a veteran in more than one branch of service.

**LEROY SPRINGS GYMNASIUM**

# FOREWORD

---

Since the 1941 Pac Sac is dedicated to Coach Johnson, it was the purpose of the editor to choose a theme that would be closely connected with "Coach" and his work on our campus. The P. C. spirit itself is proof enough of his influence, and the love and devotion that is shown for him by the students is further evidence of the true greatness of this man. However, the staff wanted to show in a photographic way how every campus activity centered around the "genial Swede" and how his life has affected the lives of every man in our school, thereby making him our theme.

Our tribute is but small for the real tribute is to be in the lives of the hundreds of boys that have been under his dynamic influence.

In attempting to put our theme into effect, we found that like the two preceding Pac Sacs, we were giving an informal glimpse of life on the Presbyterian campus. This is only right, as it is a part of the true P. C. spirit and therefore a part of our indomitable "Coach." It is because of this fact that we feel justified if there seems to be a similarity between this and previous annuals.

If, in the years to come, this book will remind its readers of the happy days spent at P. C., of the true friendships made there, and of a man who is the personification of the P. C. spirit, we, the staff, will feel that this edition of the Pac Sac will deserve its place among the other twenty-seven volumes.

# ADMINISTRATION

Progress has definitely come out of the efforts of progressive PRESIDENT WILLIAM PLUMER JACOBS, II, A.B., LL.D., (*Presbyterian College, Davidson*), who took over the school during the middle of the depression. Since that time he has completely retired the college debt. Versatile in every sense of the word, he recently answered the call of his country to head the State Defense Commission while maintaining his business connections. Every year he persuades the greats of tennis fame to perform in the campus tennis stadium—must be influence; he is Vice-President of the S. L. T. A.

In the educational curriculum he instituted the forum system of learning much by personal contact and questions. Recently he organized a campaign to perpetuate the Church-related college and scours the country with the Glee Club on Sundays at various churches throughout the states of South Carolina and Georgia. When in college he blocked for Presbyterian College and received the first letter. Twenty years later his trophies for the best blocker in the South attracted national attention.

PRESIDENT JACOBS

DEAN BROWN

Once upon a time there was a boy out of college. He was broke. He needed work. He started doing black deeds—coal-mining. That's DEAN MARSHALL WALTON BROWN, A.B., A.M., Ph.D., (*Centre College, University of Wisconsin, Davidson College*), who loves classical music, used to play a violin in Vienna, and who once invited two girls to the same Beta Theta Pi dance. Every interesting incident in history he remembers well enough to pass on to his students and made statement when the Muckrakers were being discussed that "nobody remembers an honest man."

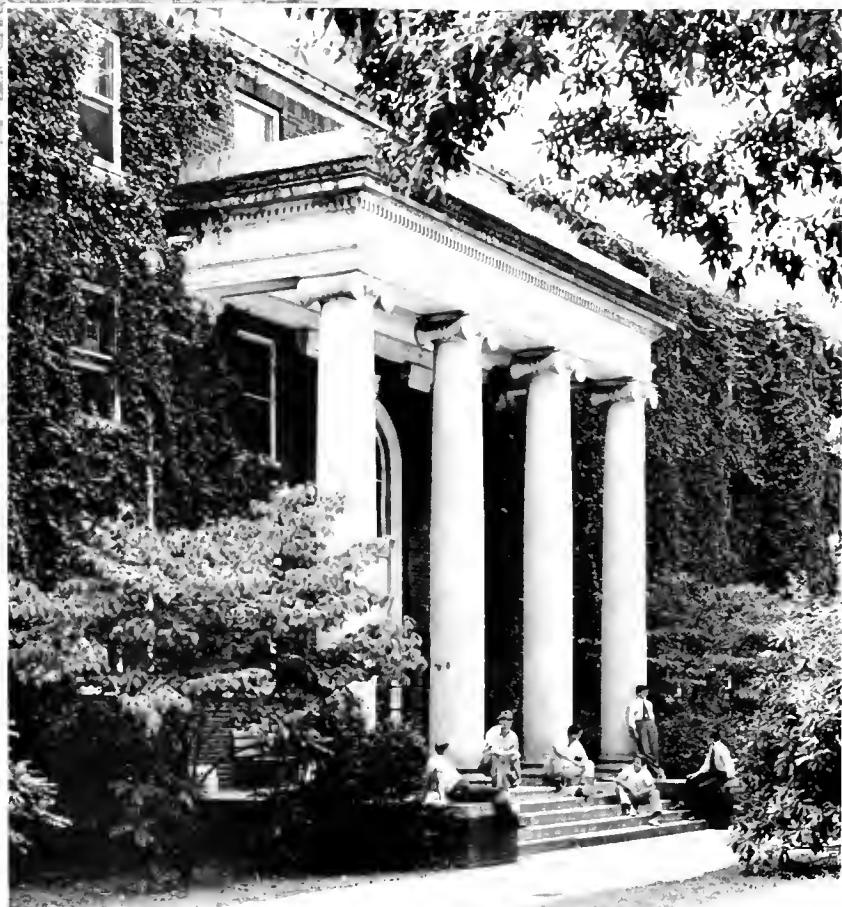

In the 1935 PaC SAC he wrote to the seniors: "A troubled, perplexed world, with many voices crying different roads to Utopia, needs men of clear thought and unselfish purpose." Wonder what he would write now, though his accurateness in international affairs predictions seems uncanny.

Although he has never told where he led in college he is a member of Omicron Delta Pi, so it might have been anything but a swing band. Rumored: inferiority complexed speakers come to P. C. in order to be introduced by him.

# AND ADMINISTRATION AT P. C.

Iowa born, P. C. bound, HARRY LEWYN STURGEON, *A Trust to the President*, A.B., M.S., (*Sterling College, Purdue University*), keeps fresh in frantic trying to spot chemistry tests. But that is not all he does, certainly not. He is head of scholarship committee and therefore heads off exorbitant demands, President of South Atlantic Conference and one of the chief cox in the South Carolina Chemical Association. Served in the army in World War I, but gave it up for a chemical career.

JOHN HOLLAND HUNTER, *Business Manager*, A.B., (*Presbyterian College*), quite naturally came upon the name of Hawk-eye one day. And as local fee-grabber, \$10 demerit head Whitelaw is making his position ominous. Understanding how to keep everybody with just not enough money probably explains how he takes pictures from kites. His spirits soared in 1918 in the army air corps, which he rarely indulges in now, preferring to teach the art on "terra mucha firmer."

Two-time President of the College, ALMOND EDWIN SPENCER, B.A., M.A., LL.D., (*Catlett College, University of Kentucky*), is now in the midst of year number fifty on the faculty and is Dean of same. Hubbying with him, one would indulge in vicarious crime thrills through medium of detective stories. Students refer to "old Spence" as the example of what P. C. gentlemen should be but aren't.

P. C. has a campus mother. At least that's what the 1940 *Knaf-Sac* said about MRS. LILLIAN G. BROWN, *Registrar*, (*Tennessee College, Chicago Art Institute*). Worries about all scrawny pooches that gather at the dining hall, the palm tree given the College, and flowers in her office. As chief keeper of files she knows the low-down and up on every student. Just ask her.

If the Cycling Brotherhood of America were to convert everyone as thoroughly as MRS. NARCISSA GRAY ADAIR, *Secretary*, B.S., (*Wauthrop College*), great danes would feel at home in Clinton. She recently acquired the mysterious title of Bursar, and although no one has any idea what it means no one guesses it can be translated as one of Hawk-eye's aid-de-camps.

# F A C U L T Y

Men are made at P. C. For when ALEXANDER HILL CUMMINGS, *Commandant*, (*University of California, United States Infantry School*), came he was a major and now is Lieutenant-Colonel Cummings. Paralyzes the first freshman who right flanks when he should have left flanked, but is very popular with all students because he is an able tactician. Blue Key adopted him here as well as the entire student body. Evidently Uncle Sam approves; he's given the nod for next year.

Mustachioed HENRY MARSDEN WILSON, JR., *Adjutant*, A.B., (*Presbyterian College*), makes everyone wonder what he once looked like when he was trying to grow the well-pruned menace. He dazzles the entire college with a new Oldsmobile which he claims he is renting from General Motors. From Managing Editorship of the P. C. Press Uncle Samuel called him to assist with the R. O. T. C. Since then Errol Flynn's looks and swashbuckling are just comparable, that's all.

Ten years have claimed *Staff Sergeant* STERLING YOUNG, *Assistant in Military Science and Tactics*, at the College where he has served under three commandants and many assistants. Teaches rifle team how to hit the eye of mountain squirrel at 100 feet. Somehow keeps up with all the military equipment students misplace. Collectioneer in the Baptist Church.

Bill Lutler getting smacked with well-aimed egg at the Newberry football game and five students studying in the library at the same time are the unusual events at Presbyterian College during the past year from the vantage of HENTHILL HOWLIS DOWNS, *Professor of English*, A.B., M.A., Ph.D., (*Tusculum College, University of Iowa*). Proud of his home town, but wishes it weren't named Goshen. Wants to teach fifty years and finds diversion in Emerson and bridge. Famous for date coming one week before school dances and staying one week after.

Bunned HENRY BOYD, *Professor of Bible*, B.A., Th.B., M.A., (*Presbyterian College, Princeton Theological Seminary, Princeton University*), thinks Professor Weber wearing a dunce cap in the Clinton Cafe the funniest thing he's seen around here. Ambition: "To teach AA students." Yet takes positive safeguards to see that he doesn't. Claims he used to be in football, track, and boxing, but quickly adds, "Not so hot." Favorite expression: "Quit that cussing!"

BOYD

CUMMINGS  
WILSON  
YOUNG

DOWNS

# COLLEGE STAFF

Trying to play a piano is the way MISS FRANCES MCKEE, *Secretary*, hobbies. Although one rarely sees her dressed up in evening clothes, plenty did the night of the girl break. Strangely her favorite song is *After The Ball Is Over*, but everyone thought she was enjoying herself.

Woe to the fellow who is languishing in the infirmary but is betaken to be a goldbrick. MRS. DRUCIE CROMER McSWAIN, *Infirmary Matron*, just isn't going to make you happy, but once convinced, she and the sick are happy. Thinks the most unusual thing she has seen at P. C. is the difference it makes in a boy after four years.

MRS. MELDA VON HOLLEN JOHNSON, *Assistant Librarian*, A.B., (*Wintrop College*), has recently taken over duties as chief librarian in the military absence of Willard Jones. Evidently at Winthrop regulations were strict in her day for she has a summa cum laude attached to the diploma. She and former librarian Jones were always seeing things funny, now we wonder what she's laughing at.

Sundays, Wednesdays, before Thanksgiving, Valentine's day, and similar occasions MRS. MYRTLE HUNTER, *Dietitian*, is best remembered. Most students ask her for the use of the dining hall phone and she never has refused not even when conversations go on and on and on. In 1920 she fed her first PC student and since that time has served 81,000 meals.

Yankee accented HAROLD SOMERS FISH, *Professor of Biology*, A.B., PH.D. (*Bowdoin College, Harvard University*), favors comprehensives but regrets students don't comprehend. Those looking for him on Monday's are sure to find him Wednesday in the college dining hall. Those not looking for him will see his stately stature busting around somewhere. Classification: Fish.

Evidently NELL GORDON WHITELAW, *Professor of Physics*, A.B., A.M., PH.D., (*Miami University, University of Wisconsin*), was mordant witted at birth, or else he never would have developed his trenchant ability to such a fine point. But nobody can get angry because he always directs his remarks to Mr. Sham or Hypocracy. In addition to his regular advisees he periodically calls about forty to tell them more about their demerits than merits.

Chief expounder of his favorite expression, "horse sense," KENNETH NORTON BAKER, *Professor of Commerce*, A.B., M.A., (*University of South Carolina*), is well-known for his practical view of problems of success and application of non-analogous analogies. Admits boxing is his favorite sport, but refuses to take part. Greets Columbo every morning before any other faculty member. Isolated in the gym, seller and buyer of typewriters, pastimes enjoyable at home, goal, as he grows older is to get younger.

Although generally quite reticent, HUGH HOLMAN, *Professor of Radio*, A.B., B.S., (*Presbyterian College*), has probably been heard by more people than President Jacobs. For, by the adaption of one recent short story, he achieves the approval of Columbia Workshop Officials, the latter presented the work over a nationally listened-to program. Very busy with public relations and the College radio department he still finds time to read and read and read and write and write and write.

Mathematically inclined *Professor of Mathematics*, HERBERT LARI SPENCER, B.S., M.S., PH.D., (*University of Rochester, Cornell University*), sometimes has trouble adding and subtracting. He must be happy for he smiles even in chapel as well as everywhere else. Chess is one of his hobbies, but to beat himself he must play himself. Promoted by degrees.

SPENCER

HOLMAN

FISH  
WHITELAW  
BAKER

JONES  
BARDEN  
KENNEDY

BRIMM

GRAHAM

Birth claimed FRANK DUDLEY JONES, *Professor of Philosophy*, A.B., D.D., (*Davidson College, Columbia Theological Seminary*), in Arkadelphia, Arkansas, although he never mentions fact and admirably covers up with wooly South Caroliniana. Always ready to express an opinion when asked, it is usually unnecessary concerning any book in the library because of his generous penciled comments. Classification: most absent-minded. Not uncommon for him to try to smoke chalk or lighted end of cigarette which doubtless accounts for the stenotriac "M-m-mister, er . . . er . . . What is your name?"

When Kay Kyser was real little, JOHN GLENN BARDEN, *Professor of Education*, A.B., M.A., Ph.D., (*University of N. C., Teachers College of Columbia University*), taught him real big. Trying to make glee club members jive with classical sense occupies many of his afternoons. Feeling philosophical he, one day, concluded: "Sports should be conducted for the purpose of promoting the general health of all students in the institution and not for participation by a selected few." And thus concludes this sketch.

JAMES BOYD KENNEDY, A.B., A.M., Ph.D., (*Erskine College, Johns Hopkins University*), is a bachelor and *Professor of Economics*. Farms on the sly in York county and is proud of his aristocratic background. Somebody figured out he was kin to Walter Brown, though he never mentions the fact. Teaches more students than any prof on campus and buys Buicks every five years.

Faithfully followed by his dog, DANIEL JOHNSON BRIM, *Professor of Bible*, A.B., A.M., D.D., (*Southwestern University, Presbyterian College, Davidson College*), has taught about every subject on the campus since 1909. Has grade system figured to the bluntest point and gives welcomed bounty to those who miss no lectures, so it doesn't help much. Takes icy bath every morning regardless of how hot it is.

BOTHWELL GRAHAM, JR., *Professor of German*, A.B., M.A., (*University of Ga., Harvard University*), saw the light first in Rome, Ga., and saw it again sometime later while Romeing around Italy. Martha Berry of Berry School in Georgia hired him as principal for his principles. Thirty-eight years ago he entered Presbyterian College as a professor. Classification: Wittiest. But also remembers to encourage extra-curricularists often ignored and neglected by others.

Already renowned NAPOLEON HILL, *lecturer*, teaches the extremely practical philosophy of "think and grow rich." According to proxy he is using the students as guinea pigs and according to the guinea pigs they don't feel like guinea pigs. Is now working on "mental dynamite" which is a correspondence course on the subject he teaches in school, and which may explode some well worn theories of success.

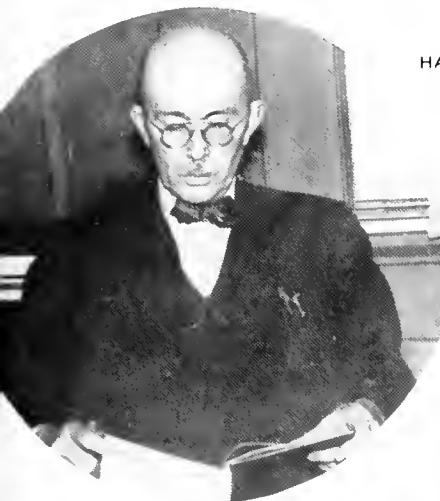

WILLIAM LEONARD JONES, *Librarian*, A.B., B.S., in U.S., (Presbyterian College, Columbia University), still remembers a field goal somebody else made when he was in school. Says he enjoys dancing and guess he means it. Known to everyone as Wee Willie, he keeps the cataloging of library books down—one of his finest points. Wants to move in the new library when he returns from guarding the National Guards.

Born in France, reared in France, fought in France, JEAN AUTRET, B.A., M.A., (University of Rennes, University of Texas), naturally teaches French. South America called him sometime ago and he spent about seven years traveling there. And when the Pan-American Union met in Chicago he told people what everybody was saying. Students refuse to call the article usually on top of head anything but a tam.

One of the school's trustees, DR. ST. CLAIR HAYES, *College Physician*, B.A., M.D., (Presbyterian College, Columbia University), examines all the seriously injured and sick. Fortunately he doesn't handle mental cases around the campus. Established one of the highest records ever made at Columbia University in the College of Physicians and Surgeons. His hospital is one of the best.

DELMAR ORESTES RHAME, B.A., M.D., *Associate College Physician*, (Presbyterian College, Columbia University), answers the call of the sick every morn at eight. Goldbricks usually have to take their or his medicine, becoming as well as the sick. Few students brag about fooling him concerning diseases; those few ending in bed with several planned days ahead of them.

JACK HAPPL BOONE, *Assistant Professor of English*, B.A., M.A., (Vanderbilt University), is a writer-fighter with a vengeance. In short stories and style, Steinbeck would have no chance in the ring with him. Is now working on a novel he hopes to sell. Only prof on campus to have previously taught at Clemson. Most devoted of faculty in cafe society.

JOHNSON  
NIXON  
GALLOWAY

To say any more about WALTER ALBERT JOHNSON (*Battle Creek College, University of Wisconsin, University of Southern California, University of Illinois, Northwestern University*), would be impossible. But to try to condense all that's been said is equally impossible. Everybody knows twenty-five years is a long time to coach, and all the student know the name he.

Not-because-I-wanted-to-see-the-sea JOHN E. NIXON, *Assistant Athletic Coach, B.S. in C.E. (Georgia School of Technology)*, is on leave for naval service 1941-42. Once a line grader at Georgia Tech, now teacher of mathematics. Has best looking FC sticker on his auto of all stickers, barring no originals. Fraternity brother of all Alpha Tau Omega's, as well as Omicron Delta Kappa.

Former number one Philadelphia Athletic CHICK GALLOWAY, B.S. (*Presbyterian*), ambitiously uncovers ambition to "keep up with the times." A coach of baseball, he's produced the state's best team many a year. Stalking game, not corn, is his chief hobby. Thinks youngfolk have too many dances, although he violently approves of it for art's and exercise' sake. When attending chapel a melodious tenor voice is easily distinguishable to the student next to him.

Faculty-editor of The Blue Stocking, WILLIAM CHAPPELL LUFLER, *coach of tennis*, does coach tennis. One of the chief tennis clinicians. One of the best pros in the South. One of the best senses of humor. One of the best talkers on school spirit. One of the best talkers. One of the best.

RONNIE SIXTON McMILLIAN, *Coach of Track and Basketball, A.B. (Presbyterian College)*, became an Arkansas Traveler and then PC student. Famous for his cigar chewing tactics which render information getters hungry. Naval ensign during World War I and during World War II director of PC athletics in absence of Coaches Johnson, Nixon. Classification: Coacher of Everything.

LUFLER

McMILLIAN

# I N      M E M O R I A M

M. G. WOODWORTH, A.B., D.D.

To the memory of Dr. Malcolm Graham Woodworth, D.D., this page is dedicated with the hope of expressing in some measure the profound regard and respect Presbyterian College students have held during his thirty-five years of service at this institution. Always shunning the praise he so richly deserved, Dr. Woodworth, as a "man in the shadows, quiet, unobtrusive, with 'slowly silent tread' making his way into the minds of men," faithfully fulfilled the often trying task of teaching all classes, and hence, all minds.

His mild appearance hid a firmness of purpose that could tolerate no sham or hypocrisy. It can be said of few men that his fellows saw and appreciated his worth long before death, but such was true of the beloved veteran. "Be ye kindly affectionate one to another" might well have been the motto of his life as Paul's injunction, "Be ye steadfast, immovable," could easily have been another. The spirit of such godly example and absolute dedication will certainly linger as long as Presbyterian College endures. It is, indeed, even now an integral embodiment.

HAMP  
FERGUSON

From its very beginning, the class of '41 has been a class of superlatives. Entering as the largest class in the history of the school, they soon proved that they had quality as well as quantity, and through the years that followed they proved themselves to be invaluable and unsurpassable in the many positions that they held.

A versatile bunch of "screwballs," they were carefree, yet serious, fun-loving yet purposeful, and crazy yet brilliant. A more accomplished bunch of "jitterbugs," and leaders alike, never existed, and the mark they have set will be a match for many who will come in the future.

For the class of '41, we predict the best of everything in years to come.

MEISKY, Captain

SUTTON, Most Valuable Player

# P. C. ON THE

Coach Walter A. Johnson's Silver Anniversary football team displayed the fine mettle they were made of when they came through the unusually hard 1940 schedule with flying colors.

September 1st a husky group of 36 determined candidates for the Blue Hose squad arrived on the campus and reported to Coaches Johnson and Jack Nixon. The first week was devoted to light drill and limbering-up exercises. Following this a strenuous pre-season program, to prepare them for the opening game of the year with the big Tiger team from Clemson.

## HOSE

## 0—CLEMSON

38

Saturday, September 21st, beneath a sultry sun, the powerful Tigers executed a 38 to 0 blitzkrieg to Coach Walter Johnson's twenty-fifth Blue Stocking aggregation as 6,000 fans packed in Baileys Memorial Stadium looked on.

It was Walter Johnson Day in Clinton. Between halves a brief ceremony was held in order to honor the veteran mentor, who is now concluding a quarter of a century of athletic progress at Presbyterian College.

Governor Burnet R. Maybank of South Carolina spoke in praise of Johnson and of the college. Others who paid tribute by word and act were: President R. Frank Poole of Clemson College, President Jacobs; Louis Jackson, President of the Alumni Association.

Clemson's power and reserve strength were too much for the outweighed Blue Hose, who resorted to the air in vain. Loss of the ball to the Tigers by a fumble resulted in the first touchdown.

A pass midway in the third quarter accounted for the fourth score, and the interception of an attempted pass gave the visitors' their final six-pointer. The other four scores were accomplished through running plays.

The long-range punting of Field General Meisly and the all-round play of End J. C. Coleman were bright spots in an otherwise dreary afternoon.

## P. C.

## 7—ROLLINS

20

The husky Tars from Winter Park, Florida, gave an exhibition of deceptive ball-handling to amass the winning points during the first half. The fighting Hosemen started to click the second half and battled on even terms the remainder of the game.

Taking advantage of slashing runs and penalties, the Floridians scored early in the first quarter. Their second tally came when they intercepted a Presbyterian pass on the 35-yard line and drove to pay dirt in four consecutive plays. Presbyterian's only score was made by alternated drives by Meisly and Mitchell; after a 27-yard aerial from Meisly to Coleman set the stage Rollins' third and final touchdown came in the last period as the Tars drove 32 yards in a sustained drive.

## BLUE STOCKINGS

## 7—WESTERN KENTUCKY

26

Walter Johnson's silver anniversary team uncovered a dangerous passing attack to score once, but yielded four touchdowns to the devastating ground offensive of Western State Teachers' College before 3,000 spectators at the Hilltoppers' stadium at Bowling Green.

Western ripped through P. C.'s crippled line to score in the first moments of the game. The fans had hardly settled in their seats when Presbyterian's vaunted aerial attack had evened the score.

Versatile Dick Meisly, Blue Hose quarterback, and Frank Sutton, hard-hitting senior half-back, featured in the aerial gains which netted 200 yards for the Garnet and Blue.

The Presbyterian score came early in the first quarter on a neat 12-yard pass from Meisly to Sutton, who caught the ball on the run and sprinted the remaining 25 yards to the goal.

Sponsors for Homecoming: Misses Farrell, Dukes, Spratt, Ross, Dowling, Martin, Harris, McFadden, and Rigby.

# GRIDIRON

From there on Western had the upper hand as her backs circled ends and her big line held. Right Wilson's 68 yard run for a touchdown in the second period was the longest run of the game.

Guard Johnny Taylor blocked Musky's fourth down punt to set up the Kentuckians for scoring drive from the Presbyterian 20-yard line in the third quarter.

## P. C. WESLEYAN 7—NEWBERRY 20

Interception of a daring Blue Stocking pass thrown from behind his own goal line by Dick Merksy gave Newberry College a tie-breaking touchdown in the third quarter and changed the complexion of a wide open game from Presbyterian Blue to Indian Red.

Coppola, Newberry center, grabbed the foll intended for Hiltback Frank Sutton and sprinted the 12 yards to pay dirt.

Unleashing a potent passing attack in the first quarter, the Johnson-men came from behind to tie the score on Musky's toss to Vernon Church, Blocking back, who thrived 60 yards behind good down-field Blocking O'Dangelio, triple threat, had broken the ice for the Indians with a short touchdown pass to Fullback Lewis 10 plays before.

A threat by each team in the second quarter failed to materialize. In the third quarter came Coppola's heartbreaking interception. Newberry scored once more near the end of the game when Power, a rip-snorting halfback, went over from the 7-yard line.

Lloyd Evans, junior end, and Frank Sutton, senior back, were outstanding for the Garnet and Blue. The whole team appeared to have a new spirit and performed brilliantly at times.

## PRESBYTERIAN

## 19—CITADEL 0

Sweet revenge came to Coach Walter Johnson's grim battlers. With last year's unavory defeat still smoldering in their breasts, the vicious onslaught of the Hosemen trampled the Citadel into the dust of defeat.

Despite 13 first downs, Citadel yardage was small due to immense lossage imposed on them

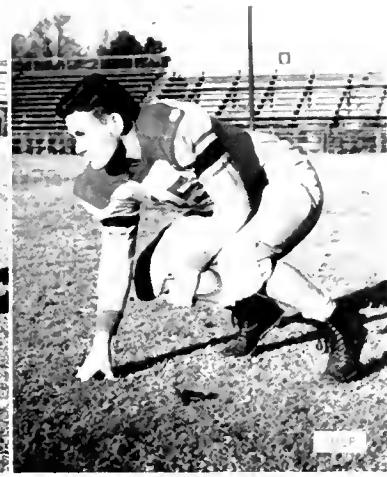

JONES

Seniors, first row, left to right: Gosnell, Fraset, Ratteree, Bird, Coleman. . . Second row: Meisky, Jones, Wienges, Tannery, Sutton, Flanders, Fleischman.

TANNERY

## THE FIGHTING

by the hard-charging P. C. line. The Red and Blue struck early in the game, when an unexpected pass to Frank Sutton, stellar back, from Meisky in punt formation, tallied P. C.'s first touchdown.

Having stemmed Citadel's only threat in the second half, Milton Ratteree, alert Hose center, intercepted a Cadet pass out of nowhere and outran Bulldog tacklers 45 yards for the second counter.

When a Citadel tumble in the final quarter popped into the eager arms of Joe Eaton, Presbyterian reserve back, who was downed on the Bulldogs' 19-yard line, the Blue Stockings felt another touchdown coming on. It came six plays later as Alternate Captain J. C. Coleman, senior flankman, celebrated his return to the line-up by taking Meisky's short pass and stepping over the goal.

The entire Garnet and Blue line played alert, aggressive football. Joe and Jack Milam, twin guards, were impregnable. Bob Jones and Bill Calloway handled their end positions like veterans in the absence of regulars Lloyd Evans and J. C. Coleman. R. E. 'Ears' Wilson was a tough customer at tackle, as were Ewing Gibson and Billy Burns, playing in their hometown.

Ratteree and Verne Church, blocking back, were terrors on defense, backing up the line. Time and again Church hurtled through to catch the runner before the play was well underway or to demolish the interference.

### BLUE HOSE 3—MERCER 2

The mighty Hosemen, fresh from a win over the Citadel Bulldogs, invaded Georgia on November 1st and slipped to a 3-2 win over the strong Mercer Bears in Albany, Georgia. Playing on a rain-soaked field, with a heavy fog hanging overhead, P. C. spotted the Bears two points when a pass from center slithered out of the end zone, giving Mercer an automatic safety. With their usual deceptive plays muted down, Quarterback Meisky called upon the famous aerial blitz, which brought the ball down to within four yards of the goal line. There, in the dying moments of the game, Frank Sutton stepped back to try a field goal. The ball split the uprights, and it was all over but the shouting.

Big Ben Moore, Presbyterian tackle, played a whale of a game at tackle.

# BLUE HOSE

P. C.

14—ERSKINE

7

Dick Meisky, passer, and Frank Sutton, receiver, collaborated on two touchdown hauls against Erskine in Rock Hill as an otherwise erratic Blue Stocking eleven sunk the valiant Flying Fleet. Presbyterian struck once in the first quarter and once in the second, while Erskine garnered its seven points on a blocked kick in the third quarter. The last period was scoreless as the losers held in the closing minutes on the one-yard line.

An intercepted pass by Center Chum Ratteree after a punt exchange gave the Hose the ball on Erskine's 26. A third-down pass from Meisky to Sutton, who made a remarkable catch on the goal line, was good for six points. Presbyterian drove 63 yards in 10 plays for the second score. It came on a 12-yard pass by the same combination as before. Sutton punted for both extra points. The Flying Fleet scored late in the third quarter as Earl Walter, right end for the Fleet, blocked Meisky's kick and it was recovered in the end zone.

Tannery gains  
against Wofford

Coleman on an  
end around

## FOOTBALL AT P. C.

### WOFFORD

Coach Walter Johnson had the satisfaction of seeing his football team come from behind for the second time of the season as they presented him with a Homecoming victory over Wofford. The game was hardly a minute old when the Terriers' little set back, Jimmie Hilton, received Dick Mesky's punt on his own 20-yard line and scampered all the way to the goal for the first score of the game. But the Blue Stockings rallied quickly and dominated play for the rest of the afternoon. By the end of the first half they had pushed over two touchdowns to complete the scoring for the day. Fred Tanners, fleet senior back, went over the two-yard line in a plunge for the first score. W. R. Rogue Gilloway, linky junior end, accounted for the other Presbyterian score near the end of the first half. He slipped behind the defensive halfback and snagged Mesky's neat pass just inside the end zone. A hard-fighting Wofford eleven managed to stave off all Blue Hose threats in the second half, but statistics showed the clear-cut superiority of the Garnet and Blue.

### BLUE STOCKINGS

### 6—PRESBYTERIAN

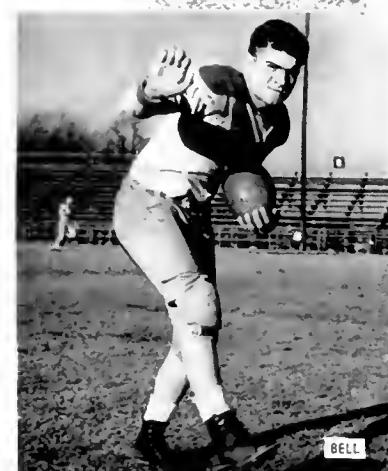

12

Harry Rock Mitchell, hard-running junior fullback, had a first touchdown of the season for Presbyterian with a game-winning two-yard plunge against Stetson University late in the third quarter of their gridiron battle staged in Ocala, Florida.

Center Milburn Ratterree, who played the entire game for the Blue Hose, recovered the ball on the Hitler 31-yard line when the Stetson sixty man fumbled Captain Dick Mesky's punt. It was a break but the Blue Stockings almost missed their chance. However, six plays later, on fourth down with nearly 20 yards to go from the 20-yard line for a first down, Frank Sutt in, high-scoring halfback, leaped high on the two-yard line to make a phenomenal catch of Mesky's desperate pass. In spite of the Stetson defenders surrounding him, he came down with the ball in his hands.

### 6—STETSON

0

Action at Newberry

Coleman stops an end run

In two line plays Mitchell gained nothing, but on his third attempt he went through a nice hole off right guard to score standing up.

The first half was a ding-dong punting and defensive battle. On the first play of the second quarter Jack Miami, Presbyterian guard, broke through to block Halfback Ed May's punt on the 30-yard line, but the Hatters recovered and on the next play May kicked safely.

Outstanding in the Presbyterian line were: Bill Calloway, who demonstrated the right way to play end for 60 minutes; J. C. Coleman was equally dependable at left end, and Ben Movie, whose tackle play has been above average all season.

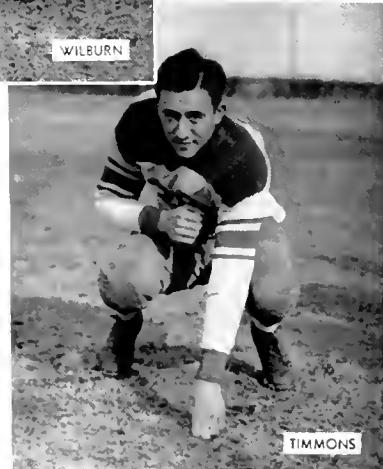

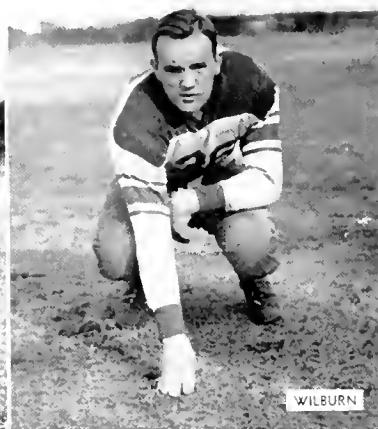

**P. C. . . . . 20—OGLETHORPE . . . . . 6**

Ten Blue Hose seniors rode high on the wings of victory in Atlanta as the wings of the supposedly Stormy Petrels broke and the birds fell, crushed on the gridiron, unable to rise again in spite of a desperate last-minute flight which netted them six points against the Johnson Club's 20.

The less than 1,000 spectators had hardly settled in their seats at Hermance Stadium when Center Chum Ratteree snagged a Petrel pass near midfield and raced 52 yards for the tally to establish a lead the Georgians were never to overcome.

Early in the second quarter Keith Fleischman, all-state guard for the Blue Hose, partially blocked a punt from the Peachtree Petrels and Presbyterian had the oval on the Oglethorpe 38. A series of line plays and penalties, featuring a brilliant end-around display of running prowess by J. C. Coleman for 18 yards, seesawed the ball up and down around the goal line. Mitchell and Sutton connived on a fourth down pass into the end zone to make the hard-fought tally a reality. Coleman made the points and Presbyterian led at half-time 13-0.

Early Wilson set the stage for the third P. C. trek midway the fourth period as he threw the Petrels' Ferrar for a 13-yard loss. Ferrar attempted a long pass from his own nine and powerful Verne Church emerged from nowhere to intercept and carry the ball to the two. The big blocking back completed the Hosemen's touchdowns for the season as he churned through for the six points the next play. Sutton's extra point placement was perfect to firmly establish in a 20-0 lead.

Uglethorpe's lone tally came late in the last quarter when Ed Tink's punt hit Safety-man Pug Whiteheart's leg and the Petrels pounced on their prey on the Hose 33.

Two plays lost heavy yardage, but one pass for 17 yards, and then the fourth down flip from Pete Maman which reached Joe Tosches at the 12 and enabled the big runner to reach pay dirt, kept the Hose from a complete shut-out. Hirschman blocked the placement for extra point and all scoring was completed for Johnson's twenty-fifth year.

Jones, Frazer, Ratteree, Handers, Coleman, Wienges, Bird, Sutton and Lannery played their last ball for Walter Johnson and turned in some memorable performances. Captain Dick Meisly was unable to take part in the ball game due to an injury received in the Stetson game, and thus the triple-threater hung up his jersey a week before schedule.

McNeill gains 20 yds.

# the FRESHMAN SQUAD

Presbyterian's frosh had only one week of practice before they met a powerful University of South Carolina team in Columbia. Play was about even, but the Biddies capitalized on the breaks to best the Anklets 20 to 6. McCommons, Caver, Adams, Weaser, Reddick and Avery were outstanding for the Presbyterians.

The freshmen hit their stride in the middle of the season when they downed a highly favored Wofford team 28 to 12 on neutral territory in Florence. In the first minutes of play, diminutive McCommons received a punt on his own 10-yard line and raced 90 yards for the first score. In the second quarter he received a flat pass and again scored "standing up." The third tally came when Strickland intercepted Lipp's pass and galloped 75 yards to the double stripes, and Shahid made the final tally for the Hose on a spinner from the 10-yard line in the final minute of play. Wofford scored twice by the air route, but they were unable to keep up with the hard-driving Anklets. Final score: P. C. 28—Wofford 12.

A month of respite came next for the Anklets before they met a strong Newberry squad on a rain-soaked field. It was the only home game of the season for the Presbyterians. Their light backfield could make no headway against the heavier Newberry defense and the Anklets' line also failed in its heroic attempt to halt the ever-charging Papoose backfield. Rollins was the standout on the P. C. team, while Coleman shined for Newberry. Final score: Newberry 20—Presbyterian 0.

Two proposed dates having been cancelled on account of rain, the frosh conflict with Erskine was finally called off, leaving Presbyterian with a record for the season of one won, three lost.

## THE FRESHMAN TEAM

 Second row: Weaver, Caver, Adams, Odum, Dinkins, Nalley, Stark, Rollins, Reddick, Pettit, Coach McMillian, . . . . Third row: Martin, DeVore, Weatherford, Burch, Page, Abbott, Avery, Williams.

*the* SEASON  
ON THE COURTS

COACH McMILLIAN and  
CAPTAIN MEISKEY

PAUL, Alternate Captain

COLEMAN

FLEISCHMAN

Late or some other of the 'powers-that-be' tossed Presbyterian College's best basketball team in years onto the courts the same year as the University of South Carolina and Wofford emerged with similar aggregations. Consequently, 9 wins against 4 losses was sufficient to give the fighting Blue Hosemen only a third place rating in state competition.

Coach Lomie McMillian and his assistant, Bill Fuller, had excellent material for their 1941 season. The team which was known as 'sophomore sensations' two years ago had developed into seniors with reinforcements in juniors and sophomores. From that point on, it was a hard group to beat.

Out-of-State competition opened the season for the basketballers as they split decisions with Stetson University and fell before the Mercer Bruins. Two State wins in rapid succession, over the College of Charleston and The Citadel, brightened prospects considerably, however, and the season was off to a flying start.

Carolina threw a damper into the proceedings, however, and Mercer came back to hand out another defeat. Newberry, Erskine and College of Charleston fell, following a 1-point loss to Wofford, and picked up considerably.

The Gamecock quint threw another damper, however, to be followed by the second win over The Citadel and losses to Stetson and Wofford. The season ended in a blaze of glory as the McMillianmen went to town over Erskine, Newberry and the most desired court package of the season, Clemson.

Dick Meisky served capably as captain with George Paul as alternate, The Blue Stocking to the contrary. Other seniors were capable Hosemen—J. C. Coleman, Keith Fleischman, Bill Gibson, Felton Moore and Paul Macmillan. Underclassmen contributed Lloyd Evans, Ted Dunn, Frank Heidt and Charlie Mixon.

# the FRESHMAN CAGERS

Built from the faster men of the football team, this year's freshman team "hit the floor" at a mile a minute, and constituted the fastest moving group of cagers we have seen in some time.

Their speed was their attribute and their size was their handicap. In spite of this, however, the team managed to come out of the season with a better than average winning total.

When the varsity looks around next year for men to replace the seven men lost by graduation, the entire freshman team will be equally capable of filling the varsity shoes left empty.

Left to right: Manager Lockwood, Rollins, Abbott, DeVore, Aiken, Martin, Coach Galloway. . . . Absent from picture: Williamson, Avery, McCommons, Stater, Adams.

SUTTON

EASLEY

ALEXANDER

# *the* A R T O F

The dropping of boxing as an intercollegiate sport handicapped the hopeful boxers of our school this past winter, but their love for the sport spurred them on to enter as a team into the Golden Gloves Tournament in Greenville.

Under the leadership of Coaches Davenport and Johnson, these pugilists showed their talents from the very first night of competition.

The first of the Blue Hose to "show his stuff" was Dunk Sullivan, who lost a close decision to James Beasley. After Dunk came Bill Dent and Bill Dean, who both won in the first round. Dean was eliminated on an unpopular decision after a close fight on the second night, but Dent went on to the finals where he downed Dean's victor for the championship of his weight.

Jack Dent was not far behind his brother. Winning twice by knockouts and the third time by a decision, Jack met Earl Moore in the finals and after three rounds of game fighting, he lost the decision to Moore.

Conley Alexander brought the spectators to their feet on the first night by putting his opponent to sleep with a sledgehammer right. His powerful punch carried him to the finals where he lost by a T. K. O. to Horton. Alexander showed great promises, this being his first try at competitive boxing.

Jim Page and Tom Clyde, P. C.'s "big boys," both fought their way to the semifinals where they lost by decisions to their opponents. Both were good fighters, and both threw considerable leather before being eliminated.

The boy who really thrilled the crowd was "Chic" Easley, fighting in the open welterweight class. Easley won all three of his fights by knockouts and from the first night was praised by the sportswriters as the "classiest fighter of the tournament." His lightning-like blows and beautiful technique bewildered all his opponents, and thrilled the 4,000 fans every second. In the finals he met Jim Craven, the fighter with the rubber reach and the cement jaw, but Chick showed Craven who was master in the first round and from then on it was only a matter of how long Craven could

DENT, W.

DENT, J.

DEAN

# SELF DEFENSE

SULLIVAN

take it. In the last round, he went down to stay and the crowds came to their feet to cheer the "boxer with the professional style."

The only other boxer with a style to equal Easley's was Frank Sutton. The reason why he has been able to fight more than eighty bouts without a loss became evident in the first round of his encounter with Hatchell, who was quickly eliminated with a K. O. In the finals Frank hit his stride, and after giving his opponent the once over, settled down to thrill the judges and the crowd alike by outpunching Charles McFee and finally downing him in a clean knockout. Had Frank fought the first night, it is thought that he would have tied with Easley for the individual cup. Certainly his lightning-like hammer blows were showing improvement with every round of competition.

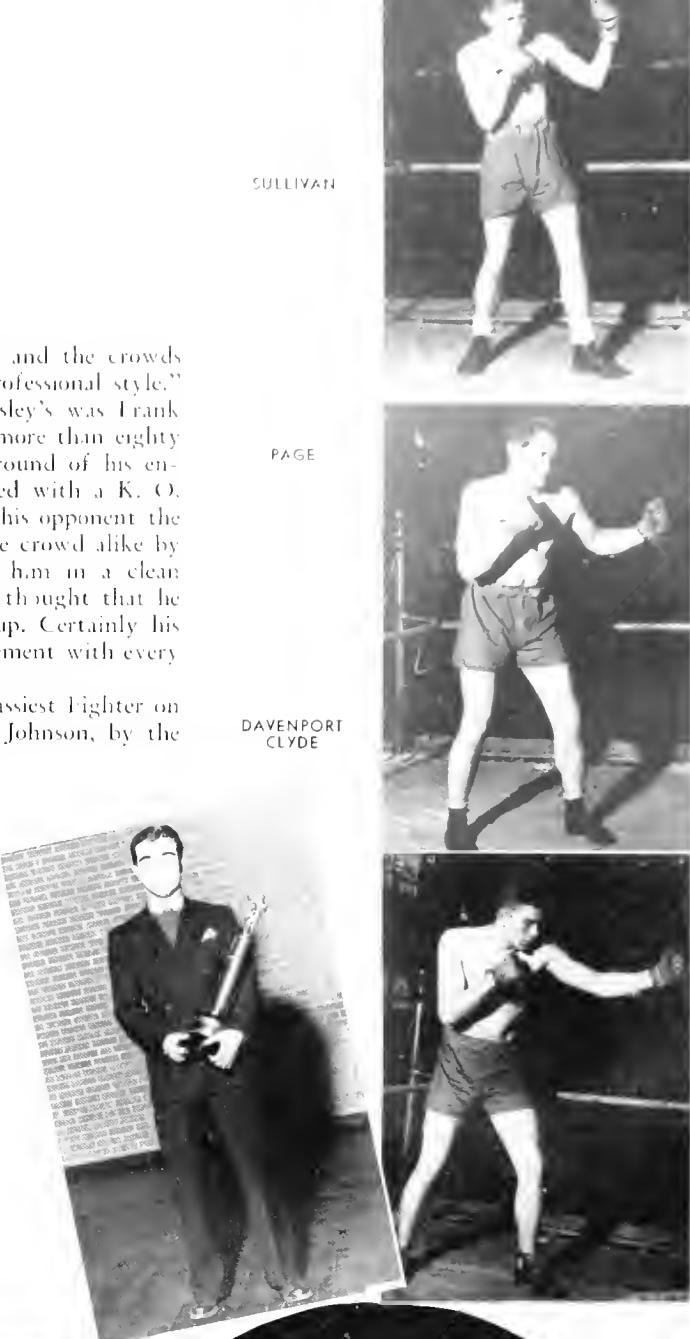

To Chick Easley, however, went the cup for Classiest Fighter on a unanimous decision from the judges. To Coach Johnson, by the flip of a coin, went the cup for the best team, a first place tie between P. C. and Charleston. And to all the boys who entered the finals, went trophies and cups.

The team's excellent showing is largely due to the coaching of Eldred Davenport, who so trained the boys that the judges could not help saying, "All of those P. C. boys fight like professionals."

Standing: Coach Davenport, Dent, W., Easley, Page, Clyde, Alexander, Captain Sutton, Coach Johnson. . . . Kneeling: Sullivan, Dent, J. . . . In circle: Action at Golden Gloves Tournament.

## B A S E B A L L

After several weeks of intensive practice under the experienced hand of Coach "Chick" Galloway, one-time world's greatest shortstop, the baseball nine is ready to go into action in their twenty scheduled games. Graduation last year took away some good material, but those who were left, including some good sophomores, will fill in the rough spots and the team will start out this season just as strong, if not stronger, than last year's team.

As this is being written, no games have been played by the nine, but from all reports, they are far ahead of any other teams in the state. The boys all are very enthusiastic about their baseball, and each is a perfect example of true sportsmanship as they battle it out for first-string positions.

The mound staff for the coming season will include a variety of styles. Heading the list is Lamar Castleberry, who has speed, flawless delivery, and a fine "pitching head"; then Conley Alexander, whose slow curves and cool head will no doubt tantalize many batters. The specialist on curves will be Wilmot Shealey and the necessary "south paw" will be Albert Johnson.

The most versatile man on the team is Phil Rogers, who can play almost any position on the team, but he will probably settle down to one position, the important one behind the plate. Other catchers are Bill Moore, Joe McNeill, and Verne Church, each of whom can play other positions on the diamond.

Varsity Team

In the infield, our predictions for stars will include Tannery, Sutton, Alexander, Shealy, Crabtree, and Wilson. Tannery, being high-score man for last year, will probably lead off this year, and Alexander, whose "peg to first" is as fast as a bullet, should be one of the best shortstops in the state, while his hitting average, which was in the "four hundreds" last summer, should be a big help for the team.

In the outfield, there will be three seniors: Harry McSween, "the old lefthander"; Dan Bird, the "pep man"; and "Joe" Butler, the team's hard-hitting captain. Reserves in the outer garden will be Whiteheart, Pennell, Query, Mixon, Church, Dent, and Hammet. All of these boys are steady ball players and are very conscientious in their early practice.

Captain Butler, and the men on the team, requested that the Baseball Section this year be dedicated to Dr. M. G. Woodworth, knowing that this was his favorite sport, so it is with the greatest pride that we, the staff, comply with this desire. With a spirit such as his, the team this year should finish second to none in the state. Whatever be the outcome of the season, we know that Dr. Woodworth would not have been ashamed of the boys.

# FRESHMAN BASEBALL

Frosh and Varsity "in action"

The freshman team this year, like the sand lot teams of grammar school days, is blessed with an over-abundance of pitchers. These future Johnsons and Hubbels are well on their way towards a varsity berth because each of them has a style all his own, which will, this season, and in the years to come, cause more than a few batters to feel silly. The other positions on the diamond, while not as popular, will be filled by capable boys, and it is our prediction that Coach "Ace" Butler's boys will finish up pretty close to the top in the state, if what we see now is any indication.

Standing, left to right: Coach Butler, Williams, Weatherford, Clyde, Nailey, Dews, Page, Waldrep. • Kneeling: Manager Ferguson, Dent, Parrott, Dinkins, Rollins, Strickland, Fraser, Hayes.

# The TRACK

Coach McMillian has seen track teams of every description in his day, but he probably never saw one as small as the team that reported to duty in March.

Getting a better grip on his cigar he settled down to do the best he could with what he had, and his efforts were so tireless and effective that with this small band of track men he won two out of three duel meets and placed third in the state meet.

Our hats are off to Coach McMillian, the new Director of Athletics.

COACH McMILLIAN

BLAKE

TIMBERLAKE

CAPTAIN A. C. JACOBS

# M E N . . . .

Coach Lonnie MacMillan's 1941 edition of the Hosemen is being rapidly whopped into shape. This year's team, built around a nucleus from last year's varsity letter men with the addition of a few freshmen, has been greatly handicapped by inclement weather and the loss of several outstanding members by the graduation route.

The services of last year's state champion miler and captain, Red Rawls, will be badly missed. Red romped home to brilliant victories in the 1940 State Track Meet in both the mile, half-mile and the two-mile run. The hopes of this year's squad would be at a higher level if we had more men of his caliber to fill his shoes.

Led by Captain Allen Jacobs, versatile weight and field luminary, the Blue Hose runners and jumpers have been going through a strenuous pre-season workout to prepare for the oncoming meet, April 5th, with the fleet Tiger trackmen from Clemson.

In the middle distance events Paul Hartsfield, ace quarter-miler, who proved his mettle last spring at Athens, Georgia, when he ran a sensational quarter to edge out his University of Georgia opponents. Pierce Timberlake, 1940 freshman champion and rangy runner, will team up with Hartsfield to garner points for the Hosemen.

The sprint events are a matter of doubt to Coach Lonnie Mac, but David Trice, diminutive Donald Draper, and Guyton Thompson show promise of acquitting themselves well.

## T R A C K

Richard Bell, ambitious long distance man, is slated to represent P. C. in the mile, and the two-mile runs. Dick has the speed and stamina necessary to be a winner in the division.

Heath Blake is running in good form over the high and low hurdles, and should come through to step the timber in fast time. Captain "Doe" Jacobs will do most of the pole-vaulting. Hugh Jacobs has also shown great improvement in this department. There is no lack of weight men. Big Bud Collier, the Miami twins, Joe and Jack, and husky Red Handers. The discus will be handled by Collier and Ben Moye, while Jacobs and Collier put the shot.

The mile relay team should prove a definite threat in the Palmetto State cinder circles. Its complement of lead-off man Paul Hartsfield, Heath Blake, Conley Alexander, and Pierce Timberlake, anchor man, carry P. C.'s hopes for the coming season.

Blake and Ben Moye are leading candidates in the broad and high jumps, and can be counted on for points when the going is rough. Probably the weakest points of the team are the dashes, but several men are developing into promising sprinters.

The prospects for next year are unusually bright, as only Draper, the mighty molecule, is lost by graduation. When Larry Aiken, crack freshman miler, steps into varsity togs next year, along with speedy Dick Martin, and Walter Friedmann, fleet quarter-miler, from the freshman ranks, to augment the varsity strength, Blue Hose aspirations should run high.

## THE 1941 SCHEDULE

|            |     |     |     |                  |

| May 2, 3   | ... | ... | ... | State Track Meet |

BELL

RATCHFORD

JACOBS, H.

State Track Meet, '40

Don Budge, snapped while visiting P. C.

No matches have been played as yet, but our predictions for this year's team are all in the winning column. Several strong teams, such as Vanderbilt, Cornell (Iowa), and the University of Tennessee have been added to our 1941 schedule.

Last year victories were won over some of the most powerful teams in the east and middle-west. Duke, the University of Florida, Alabama, Rutgers, Lafayette, Davidson, Kalamazoo, and the University of Michigan all fell by decisive scores. North Carolina was the only team to prevail, and only after one of the most exciting and hard-fought matches in the history of North Carolina's long string of triumphs; the final victory of 5-4 was not decided until the last match.

Our decisive victory of 8-1 over the strong Duke tennis team and our other brilliant victories mark us as one of the strongest teams in the nation. The claim to the national title has been made by North Carolina, but it would not surprise us if we added them to our long list of victims this year.

# T E N N I S

CAPTAIN KERDASHA

KERDASHA and COACH LUFLER

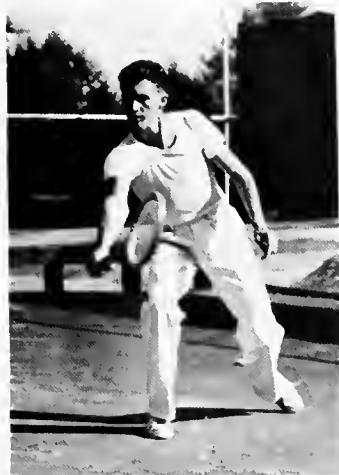

MANAGER PORTER

Left to right: Selfe, Captain Kerdasha, Farmer, Needham, Larson, White, Manager Porter, Coach Lufler.

Lykes Boykin, who played as the number one position with Bob Kerdasha last year, and Bob Glickert will be missed considerably, but Eddie Selfe and Billy Needham, the greatly improved freshman stars, will be added to the squad.

This year's team will be led by Captain Bob Kerdasha, who has been playing at the number one position for the past two years. Billy Farmer and Walter Larson are the junior stars of the team, and together with senior Fayette White round out what should be the best team in the history of Coach Lufler's reign at P. C. Other members of the squad who will see action this year are Bill Shivar, "Pop" Fraser, Ted Rogers, Manager Louie Porter and Paul Turner.

FARMER

# T E N N I S

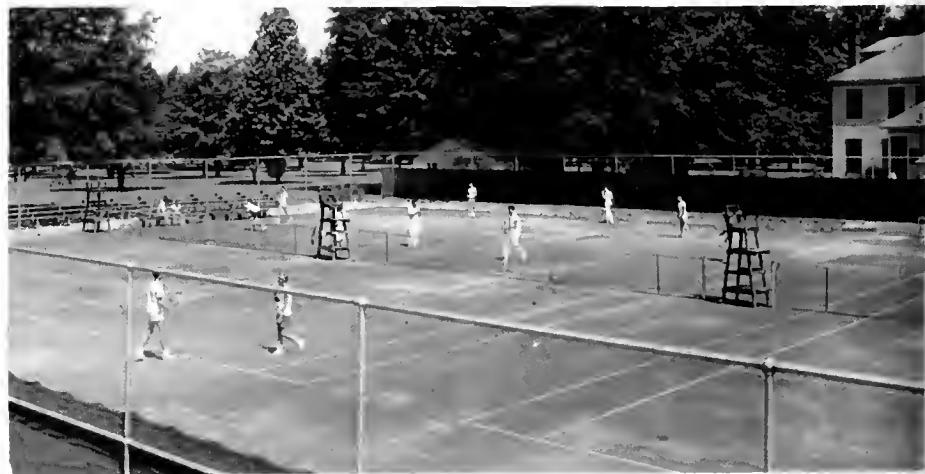

FRASER  
NEEDHAM  
WHITE  
SELFE

This year the season will be featured by another spring trip that will include Emory, Sewanee, Tennessee, Vanderbilt, and Alabama. Kalamazoo, always one of the strongest teams in the mid-west, will be played twice, in the same week, at Clinton. They are considered even more powerful this year, and the double feature will be looked upon with great interest. The matches with North Carolina and Boston College will feature the latter part of the season.

This year the school will be honored again by the appearance of the professional champions of the world on our new Har-tru courts on May 8th. Some of the best men and women players in the world have visited our campus and we are proud of that distinction. Included in this year's visitors will be Donald Budge, Alice Marble, Mary Hardwick, and a newcomer in William Tilden, who is regarded as the best tennis player of all times. Tilden is almost fifty years old, and has been playing top tennis for a quarter of a century. Donald Budge was not even born when he won his first championship. We are all happy to welcome him on our campus.

The week-end of May 8, 9, and 10 will bring the teams of all the other schools of the state to our campus. It will mark the fifth consecutive year that the State Tournament will be held at Presbyterian College.

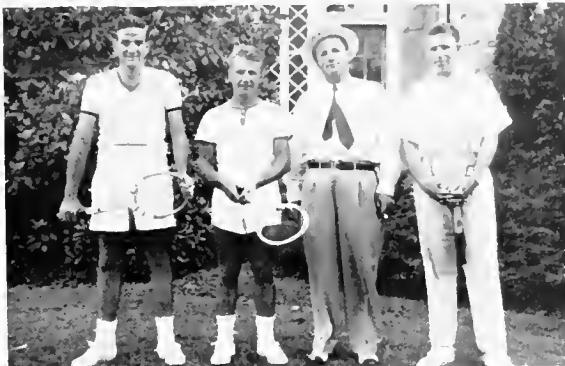

Calloway Stadium

MISS ALICE MARBLE

Left to right: Mulloy, Grant, Dr. Jacobs, Bobbett.

## FRESHMAN TENNIS TEAM

The freshman team, this year, will have a hard record to live up to if they attempt to follow in the shoes of Selfe and Needham, who won the state doubles and singles tournaments for College Freshmen last spring.

Left to right: Coleson, Bowles, Stater, Prochaska.

With four "starlets" to form the nucleus of a squad, Coach Lufler should be able to build a fine team this year. "Art" Prochaska will very probably play the number one position, with Stater, Bowles, and Coleson fighting it out for the number two spot. Other freshmen will be added to the team for matches.

A schedule has not been announced as yet, but it is expected that the freshman team will play each of the other freshman teams in the state, and will enter the State Tournament this May. They are all good varsity material, and with their help next year, our team should be the best yet.

# G O L F

Under the leadership of "Mat" Moore, capable redhead, the 1941 golf team has scheduled a number of matches, and this season should be the fullest, if not the best season, that P. C. golf teams have known in quite some while.

Tentative matches have been scheduled for here and in enemy territory with Carolina, Furman, Clemson, College of Charleston, and Junior College of Augusta, and one match, in Charleston, has been scheduled with the Citadel.

The addition of some new material to the team will increase its winning ability, and we look for our team to win its share of the matches, and to finish up near the top in the Southern Intercollegiate Tournament in Athens, and the State Intercollegiate Tournament in Columbia. Captain Moore says that the team will enter both of these tournaments, and he is banking heavily on Frank Heidt to set the pace.

# PC'S PEP MASTERS

BROWN

FARRELL

ESTES

With a season that started by four losses, the cheer leaders had the double task, this year, of making the students pull for a losing team, and teaching the incoming freshmen the meaning of our P. C. spirit.

So well did they work, that after the first four losses, the team went on to be undefeated the rest of the season. The pep instilled in the hearts of the students was the one thing that made our team into a winning club.

Although they yelled themselves hoarse at every game, without any thanks from the student body, and at times with very little cooperation, these five leaders kept up the "talk" and the "chatter" until the final gun of every game.

We take our hats off to them now, and to Walter, Frank, Ruth, Frances, and Bud, we say for the entire student body, many thanks for keeping the P. C. spirit alive.

# *The* BATTALION at P. C.

In the spring of 1919 the Reserve Officers Training Corps was established at P. C., and since that time it has come to be one of the more important activities of student life on the campus. It is now one of the most efficient units in the Fourth Corps Area, and under the leadership of Lieutenant Colonel Cummings, Lieutenant Wilson of the O. R. C., and Staff Sergeant Young, the unit has maintained its high standing this year.

THE COLOR GUARD  
Timmons, Milam, Milam, Calloway.

Seven times the juniors have won the efficiency cup for first place in summer camp in competition with all of the military schools of this area, and every time but one, they have finished with the first three.

The members of the battalion wear the blue star which signifies that we have an excellent unit, and this spring when the inspector comes around again, we can safely say that we will again earn the privilege of keeping the star.

The Battalion

# the A R M Y

## *A Word from Colonel*

LIEUTENANT COLONEL CUMMINGS AND LIEUTENANT WILSON

This year, as never before, the full purpose and value of R. O. T. C. training becomes apparent. During piping times of peace, military training, in the eyes of some short-sighted individuals, appears to be a burdensome, perfunctory activity. In the words of Kipling:

"It's Tommy this, an' Tommy that, an' 'chuck him out, the brute,'

But it's 'Saviour of 'is country' when the guns begin to shoot."

Throughout its twenty odd years of existence, the Reserve Officers Training Corps has steadily built up a great reservoir of trained military leaders. In this time of peril, these men are now coming into their own. It is to the R. O. T. C. graduates of yesterday that the nation turns for the leadership of the vast numbers of raw recruits in the great new citizen armies now being organized.

STAFF SERGEANT YOUNG

Presbyterian College may well look with pride on the part it has played in the R. O. T. C. program. Our battalion, though small, has been recognized for many years as one of the leading R. O. T. C. units of the country. It is a privilege and honor to be associated with such an organization.

A. H. CUMMINGS,  
*Lt. Col., Inf.*

# CADET BATTALION STAFF

CADET COLONEL RATTEREE

Under the capable leadership of Milburn Ratteree, as Cadet Colonel, and Felton Moore as Lt. Colonel, the battalion at P. C. has made itself one of the best military units in the south again this year. The seniors, last summer, showed that they were well trained when they missed taking the coveted cup by only one one-hundredth of a point. Beaten out so closely, they came back to school this fall to tell the juniors how to get the cup this coming summer, and we predict that, with the help and leadership of the seniors this year, our boys will be better prepared for the camp and for the cup when summer comes.

LIEUTENANT COLONEL MOORE

First row, left to right: Colonel Ratteree, Lieutenant Colonel Moore, Majors Meisky, McSween, and Owens . . . Third row: Lieutenants Coker, Jones, W. E., Fessenden, King, Jones, R. E., Master Sergeant Gettys.

In competition for the best drilled freshman this fall, Cadet First Class Private Colson was given the medal, and later in the year the third squad of the first platoon of "C" Company won the award for best drilled squad. In this squad were Corporals Rivers, Sutton, Timberlake, and Ratchford, First Class Private Young, and Privates Twitty, Rollins, and Rogers. The competition for best drilled cadet has not been held, and the best Company Commander will not be chosen until graduation.

The rifle team started out with a large number of hopefule, but soon dwindled down to the faithful few. Under the command of Co-Captains Wysor and King, the team will meet several other colleges in shoulder to shoulder matches, and will enter as a team in other matches. Those who have stuck it out should be given much credit, and the work of Lt. Wilson and Sgt. Young will not go unnoticed.

# STAFF FOR 1941

We, of the staff, are proud to have been elected to publish this, the 1941 PAC SAC, and after much planning and many rough sketches, we have arrived at something which we hope will be worthwhile to you, the students. It has not been our intention to publish a book for the N. S. P. A. judges, we have published this book for the students of Presbyterian College. You will be our judges. We hope, however, that this book will receive a high rating among others of its kind in the nation, but if it pleases you, the student body, we will feel that our work has been worthwhile.

I would like to take this chance to extend my special thanks to Charlie MacDonald, John Weldon, and Tucker Irvin for their fine work in the literary staff, to Pierce Timberlake and Bob Kerdasha for their coverage of the sports, to Shields and Crabtree for their assistance in photography, and to freshmen Bearly and DeVore, both of whom were of great help in the publishing of this book.

The staff could have done little, however, had it not been for the guidance of Johnny Long and Walt Dargan of Atlanta, the staff of Jacobs Press, and the helpful suggestions from Coach McMillian and Hugh Holman, and many others on the faculty who were willing to stop what they were doing to help us.

These names I have mentioned do not comprise the entire group of people to whom we are indebted. Our annual is a result of your work, and I would like to thank you, the student body, for your co-operation, without which, our job could never have been accomplished.

THE EDITOR.

After a trip to New Orleans to a press convention last spring, Editor Irvin, the first junior to ever edit our newspaper, came back to the campus with new ideas about college newspapers.

He radically changed the layout and style of the *Blue Stocking*, with the result that it ranked among the first in the state during the late spring.

With an excellent literary staff, Irvin came back last fall, after an entire summer of studying, and again made history with our paper, as he made it, in the opinion of those who should know, "The best *Blue Stocking* in at least eight years."

To the diminutive editor, and to his staff, we take off our hats, for we know that the work they did and the example they set, will be a highlight in Presbyterian College's literary history in the years to come.

*The Collegian* had its face lifted this year and turned again to its original form, a literary magazine. Although only two issues have been presented, both were ample proof of the fact that this year's magazine will be among the best.

A number of poets and short-story writers offered their assistance to Editor John Weldon, and from the material submitted one finds an expression of the literary moods of the students. A magazine of which Presbyterian College may be justly proud, *The Collegian* this year lived up to the standard set by its predecessors.

## *The* STUDENT COUNCIL

### OFFICERS

HARRY MCSWEEN . . . President  
POWELL FRASER . . . Vice-President  
HUGH GETTYS . . . Secretary  
KING . . . Senior Councilman  
CRUICKSHANKS, MACDONALD . . . Junior  
RIVERS, TURNER . . . Sophomore  
DENT . . . Freshman

HARRY MCSWEEN, President

The entire government of our school is placed in the hands of our nine student councilmen, who are elected each year for their high standing as Christian gentlemen and leaders. The Honor System, which they represent, is used in nearly all of the school activities, and the work that these men do is the most important of any group on the campus.

During the past year we were fortunate to have such a capable president as Harry McSween, whose popularity and sincerity gave to the council the full cooperation of the student body. Working with him, and serving in the position of vice-president, was Powel Fraser who proved to be a most capable assistant.

From year to year the constitution, the council, and the student government are changed to meet the varying problems of the students, but no matter how much their duty is changed, we will never have another group of boys who will do their duty any better than did this year's councilmen. They have set a record that will be hard to beat in the coming years.

## *The* "Y" CABINET

POWEI FRASER, *President*

In the years past, when one mentioned the Y. M. C. A., there was always a note of secrecy in the speaker's voice, but this year, we can be justly proud of our "Y" Cabinet, because of the work of one man—"Pop" Fraser.

Under Fraser's supervision, the "Y" building has become the center of activities on the campus, and the enthusiasm and leadership that he has shown in his work was taken up by every student on the campus.

The "Y" Cabinet sponsors intramural athletics and, through this means, has brought about a much better feeling between students.

The prayer groups, instituted by "Pop," were attended regularly by a large per cent. of the students, and through them nearly all the students had an opportunity to engage in some kind of Christian work.

Under the supervision of this year's "Y" Cabinet we have been honored time and again by deputations from other schools, and by guest speakers. The climax of the religious year came in March, when the Y. M. C. A., with Dr. Hugh Bradley as guest speaker, conducted the annual Religious Emphasis Week.

Fraser has done more good for the Y. M. C. A., and for the school than any other "Y" president in the history of the school, and the coming presidents will do well to keep the "Y" just as Pop has left it, the most influential organization on the campus.

The Sigma Kappa Alpha Fraternity, founded in 1925, is our only honorary scholastic group. In order to be selected for the fraternity, one must be a junior or a senior, and must have attained, for more than one year, an acceptable scholastic record. The Dean recommends only the best of the students to a faculty committee, and it is only after this committee has passed on a student's record that he can become a member.

With the field of choice naturally limited, the group is small, but we can be proud to have ten members of the student body listed in this coveted position.

To be chosen for this fraternity is the highest scholastic honor that a student at P. C. can have, and the members this year can be equally proud of their records and of their election to the fraternity.

To be a member of the Blue Key Honorary Leadership Fraternity is the highest honor that a student of P. C. can claim, and the thirteen boys elected to this honor this year should be justly proud.

During the year, under the leadership of J. C. Coleman, the fraternity has sponsored intramural athletics, and has given cups and medals to the winners in these athletic competitions.

Through the sponsoring of several dances, they made enough money to pay for the medals, besides donating generously to several student body gifts.

The work of this year's Blue Key, like the spirit of the fraternity itself, has only been with the highest motives and has always been for the good of the college.

Upon the graduation of these thirteen boys, the school will lose as many leaders, but the rising seniors who will be chosen in May can and will carry on the fine work of this fraternity.

To be a member of this club is to be a member of the finest occupation in the world, for these boys are the ones who have dedicated themselves to the work of God. A more unselfish undertaking no man can claim.

Through the Ministerial Club, the boys who are studying for the ministry can have an opportunity to practice their work, and through this practice they are a great help to the community. The members of this club have taught Sunday school, lead in church and vespers, they have always helped in the young peoples work in the church, and they often help in prayer meeting. Each member of the Ministerial Club preaches in one of the little churches near Clinton, and through these fine young men the school has had many good chapel programs.

Their number is small but their influence is great, and, with the practice that these boys have had in school, and through this club, they should be a great help in the ministry in the years to come.

The only organization on the campus to which membership is obtained by competitive examinations, the local I. R. C. was established in 1924. The forming of a chapter here was made possible through the Carnegie Endowment for International Peace, and only a limited number may be in the club, so each time there is a vacancy, the would-be members must stand a test on current events to see who is best qualified for the position.

The purpose of this club is to give the members an opportunity to learn more about the world in which we live today, and their regular bi-monthly meetings are planned so as to give the students more information on current events. From time to time, faculty members and outsiders are asked to talk to the members, and occasionally the student body is asked to sit in on their meetings and to benefit by their programs.

The Beta Chapter of the Pi Kappa Delta, national forensic fraternity, was established at our own Presbyterian College in 1922, and now holds the honor of being the oldest chapter in the state. Fraternities in one hundred and sixty-three schools in thirty-five states bear the name of Pi Kappa Delta, and this organization has the distinction of having the largest number of chapters of any fraternity in the United States.

This year, under the leadership of John Weldon, the Beta Chapter has enjoyed another successful year. Weldon, together with Roy Spratt, Tucker Irvin, and Tench Owens, will attend the Grand National Student Assembly at Lexington, Ky. Following this trip, the team will enter the province tournament of the Pi Kappa Delta to be held at the Alabama College for Women in Montevallo, April 2-5.

Another highlight of the season will be a debate held with Davidson College on the question, "Resolved that the Western Hemisphere should form a permanent Union." Our boys will take the affirmative.

# *The Solons*

TENCH OWENS, *President*

JOHN WELDON  
BILL COLEMAN

TENCH OWENS  
TUCKER IRVIN

Left to right: Irvin, Weldon, Owens, Coleman.

Organized in April, 1938, the Solons, P. C.'s pre-law club, has been a means of strengthening the bonds of unity among the students who expect to enter the legal profession.

During the 1940-41 period, Tench Owens headed the club, and although its size was small, the few in it were greatly helped, and they hope to leave to the pre-law students next year a club that will help them in their school work as they prepare for this profession.

Although no rally was held before elections this year by the club, their influence was felt on the campus through the members themselves. Their talks in chapel and in discussion groups have greatly enhanced their profession, and no doubt some undecided boys will be led to the law business by the influence of this year's Solons.

DR. J. G. BARDEN  
Director

The Glee Club, under the direction of Dr. John G. Barden, has had a very unique and successful season. The group cooperated with President Jacobs in presenting the cause of Christian education to the congregations of a number of churches in South Carolina and Georgia. Programs were given in Clinton, Columbia, Charleston, Atlanta, Macon, Augusta, Anderson, Greenwood, Abbeville, and Spartanburg. Four of these programs were broadcasted.

Appearances were made in other services and the club participated in the Columbia Music Festival, singing with the state-wide college chorus of 300 voices.

This past year has been another successful season for Dr. Barden and the Glee Club.

Pi Kappa Phi

EDWARD SMITH  
Secretary  
Alpha Kappa Pi

The Pan-Hellenic Council, inter-fraternity organization, will be remembered for three series of most successful dances and a fraternity rushing season carried off without a hitch.

The councilmen, headed by Pi Kappa Phi representative Lew Boggs, as president, and Alpha Kappa Pi representative "Dooley" Smith, as secretary, began their careers as directors of Greek activities by presenting Dean Hudson and his Florida Clubmen for Final Dances last spring. With Maestro Hudson's music and careful preparations, the dances could be counted nothing less than a huge success.

Pledge dances featured Charlie Randel and his orchestra. The dance series was handicapped by other activities at nearby colleges during the weekend, but as usual didn't fail to please.

Mid-winters introduced Presbyterian College dancers to one Freddy Johnson and his orchestra

Pledge Dances, 1940

J. E. FREEMAN  
Pi Kappa Alpha

# YOUNG COUNCIL

who proved one of the most distinct musical hits to appear here in several years. Large crowds for the entire series, festive decorations and Maestro Johnson's orchestra made for a near-perfect week-end.

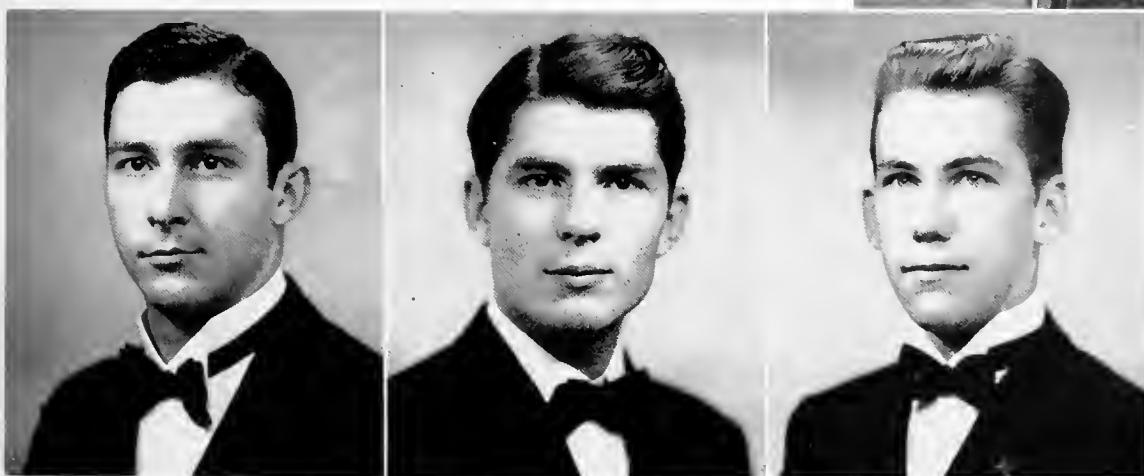

The fraternity rushing season featured a compromise between a delayed rushing season and immediate rushing activities and proved to be a happy medium. Each of the six Greek-letter social fraternities were allotted two dates for either one social and one smoker or two of either. A large number of freshmen found equal distribution among the six fraternities to indicate the success of the rushing activity.

Alpha Kappa Pi was founded on March 23, 1926, when two local fraternities at Newark College of Engineering and Wagner College united. On May 12, 1928, Eta Chapter was established at Presbyterian College when the members of the Phi Delta Tau Club were initiated into the fraternity.

The A. K. Pis experienced a very successful year. Some of the best socials of the year were staged in their rooms in downtown Clinton, and during Pan-Hellenic dances throughout the year the A. K. Pis were very gracious hosts with their intermission parties for which they are well known on the campus.

This year the A. K. Pis continued to have their share of campus leaders and also retained their custom of having an unexcelled representation on the business staffs of campus publications.

Eta Chapter was headed this year by Charles MacDonald as president. Bill Culp aided in executive capacities as vice-president of the group, and "Sid" Mathis acted as secretary. Capably handling the business affairs was Al Fessenden.

Last year Eta Chapter helped their national office to establish a new chapter at Wofford College. This group and Eta are the two southernmost chapters of the fraternity. After several joint meetings with the Wofford chapter, the members of both groups experienced the true spirit of brotherhood. *Alpha* is a quarterly publication by the national office of A. K. Pi.

Alpha Lambda Tau was founded in 1916 at Oglethorpe University and in 1927 the Rapier Club of Presbyterian College was granted a charter and Iota Chapter of Alpha Lambda Tau was established. At first the fraternity did not intend to extend beyond the Mason-Dixon line, but this idea was later abandoned and chapters now reach as far north as Illinois and as far west as Colorado.

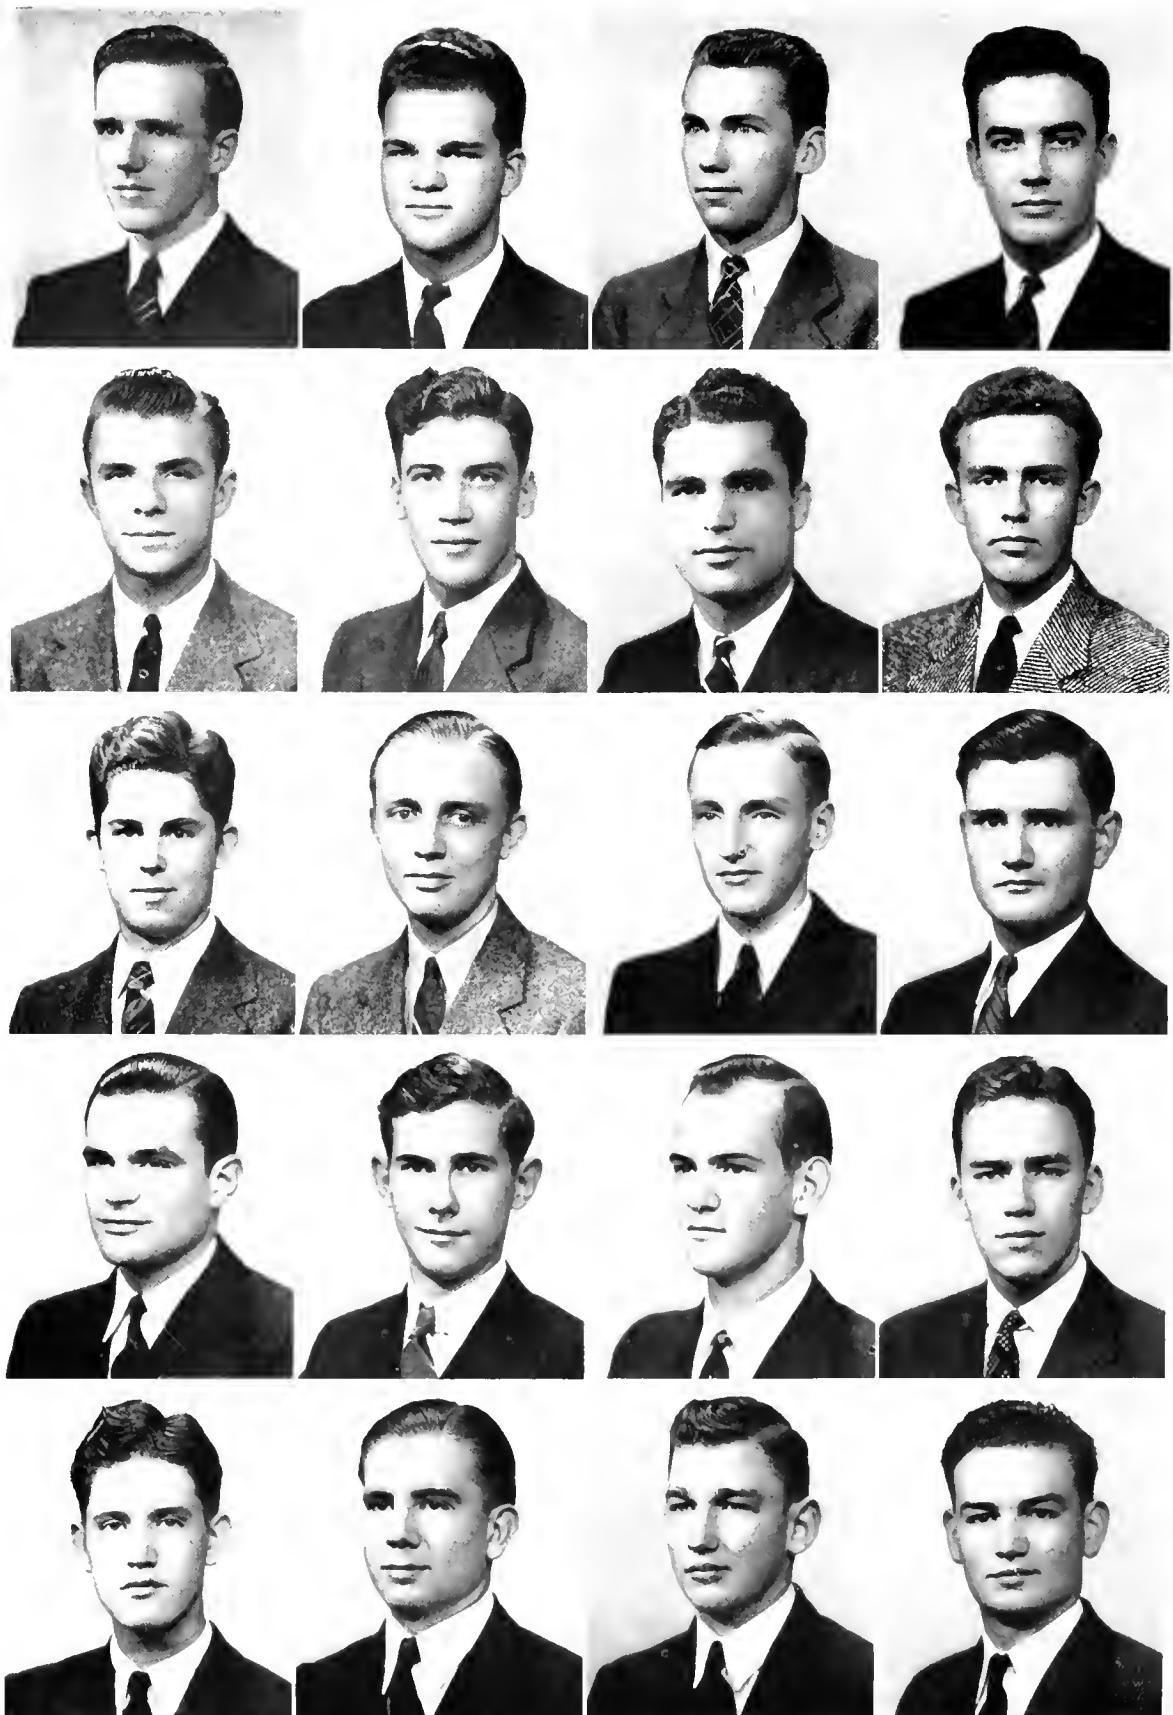

The fraternity had the most successful rush season in recent years, pledging more new men than any other fraternity represented on the campus. Many of these men were initiated at different times during the year.

Iota Chapter contributed more than its share of men to the varsity and freshman football teams. Members of this chapter were also well represented in all phases of athletic life on the campus. Many of the outstanding leaders of all campus activities came from this group.

The A. L. T.'s social season was a great success in their new rooms over Sumeral's Department Store in downtown Clinton.

Serving as president of the fraternity was Harry Mitchell who, with Dick Meisky, the vice-president, led his brothers through a successful year. Tom Beardsley and Charlie Timmons handled the secretarial and monetary matters respectively.

The fraternity publishes a monthly magazine under the name of *Alpha Lambda Tau* and a quarterly magazine called the *Rose Leaf*.

Beta Kappa was founded by a local club at Hamline University on October 15, 1901. Eleven years later the club was reorganized as a fraternity and initiated a program of rapid national development. In February, 1930, Alpha Eta Chapter was established at Presbyterian College when the members of Chi Tau Epsilon were initiated into the fraternity.

The Beta Kappas had a very successful rush season and have experienced a very prosperous year. Many of the pledges were initiated into the brotherhood at different times during the year, with prominent alumni returning for the occasions. After a complete renovation of their rooms and the purchase of a new radio and other new furniture, the Beta Kappas have one of the finest and best equipped rooms on the campus.

A large number of the Beta Kappas were active in the athletic life at Presbyterian College during the year. Most of these athletes were noted for contributions in the realm of tennis, the sport for which Presbyterian College is best known. Some of the highest offices on the campus were held by members of Beta Kappa. In all phases of campus life the fraternity was noted for its aggressiveness.

Hugh Jacobs, president, led the Beta Kappas through their most successful season of recent years. Serving in the position of vice-president was Cooley Nabors, while Fayette White, the secretary, and Harry McSween, the treasurer, fulfilled their duties capably.

The Beta Kappa Fraternity publishes the *Beta Kappa Journal*, a quarterly publication, which is the official fraternity magazine.

First row, left to right: Paul, Owens, Irvin, Montgomery, Brooks. . . . Second row: Hollingsworth, MacMillan, Moore, Moore, Spratt. . . . Third row: Watson, Wienges, Farmer, Thompson, Wilburn. . . . On December 21, 1865, Kappa Alpha Fraternity was founded at Washington and Lee University, then Washington College. The Aesir Club of Presbyterian College was taken into the order as Beta Pi Chapter in 1921 and has been active since that date.

The K. A.s contributed their part to most every phase of extracurricular activities on the campus during the past year. Besides the men who excelled on the athletic teams, many of the K. A.s were outstanding in the field of journalism. A number of the social and political leaders of the campus were also members of this group.

With George Paul as president, the fraternity witnessed a very successful rush season and this success was continued throughout the remainder of the year. Tench Owens served capably as vice-president, while Blake Montgomery and Bunkie Wienges efficiently fulfilled the duties of secretary and treasurer respectively.

This spring the K. A.s, with the help of their alumnae, staged another very successful Kappa Alpha Ball, and, in conjunction with the Military Ball, their ball helped make one of the finest week-ends of dancing of the year.

Each year the Beta Pi Chapter presents a trophy to the student, not necessarily a member of Kappa Alpha, who is considered the best all-round athlete on the campus.

The *Kappa Alpha Journal* is the quarterly publication of the fraternity.

Pi Kappa Alpha fraternity was founded at the University of Virginia on March 1, 1868, by five friends who had gone through the Civil War together. One year later, the fraternity became national and charters were issued throughout the state. The Presbyterian College chapter, Mu, was chartered in 1890, but was inactive from 1909 until 1921. However, since its re-establishment in 1921, the fraternity has been unusually active on the campus.

The Pi K. A.'s were successfully led through the first semester by Hamp Ferguson as president, and Morgan Craig assumed presidential responsibilities during the second semester. Aiding in other executive capacities were Morgan Craig as vice-president and Robert Wysor and "Slim" Summerville as secretary and treasurer respectively.

Many of the best socials of the year were given by members of this group. Special features on their social calendar were the acting of Santa Clause to the children of Thornwell Orphanage and the reception given on Mother's Day for the members' mothers.

A number of the brothers of this organization starred on the athletic fields, especially in baseball and football. Along with these athletes Pi K. A. contributed many leaders in the social, political and journalistic fields. They were known as one of the most closely knit groups of brothers on the campus.

The national publication of Pi Kappa Alpha is the *Diamond and the Shield*.

MISS GRACE EDWARDS  
Bishopville, S. C.  
Sponsor for John Weldon

Pi Kappa Phi was founded at the College of Charleston in South Carolina, December 10, 1904, by three of its students, as a result of their staunch friendship. It was incorporated in 1907, with the purpose of becoming a national fraternity and in the same year Beta Chapter was established at Presbyterian College. Its record is unique in that it is the only national fraternity to be founded in South Carolina, and that it has thrived despite the effects of the anti-fraternity legislation which was prevalent after 1897. The growth of the organization has been more pronounced in the South although it has never been confined there by policy.

John Weldon, president, led this group through a very prosperous year, and Louis Porter acted as vice-president, and assisting him were Pet McLean, the secretary, and Frank Heidt, the treasurer.

This group of socialites staged some of the most enjoyable socials that were held on the campus, and they were noted on the campus for their "stick-to-gether" attitude.

Many of the old and new pledges were initiated at different times during the year. Pi Kappa Phi was represented in almost all the extra-curricular activities and contributed some of the most outstanding leaders of the campus.

# ALPHA PSI DELTA

The Officers: Bryson, Davidson, Barnes.

Alpha Psi Delta, the only girls' organization on the campus, was organized in 1933 by a group of our co-eds, and since that time they have made themselves known as an organization.

Group shot of the Alpha Psi's

They are only a local sorority, but they seem to have much more success with socials and dances than do the fraternities, which are larger, and which are national organizations.

Under the leadership of Willie Earle Davidson, this year, the group held a progressive dinner party and dance during the fall which was very successful, and in the spring they held their annual Girl Break. This dance, in spite of bad weather, was attended by girls from all over the state, and it more than equalled the standard set by previous girl breaks.

Catherine Bryson and Lib Barnes carried out their duties as vice-president and treasurer, and ably supported the president in her work.

First row, left to right: Davidson, Bryson, Barnes, Donnan, Dukes, Jacobs. . . . Second row: Spratt, Babb, Farrell, Speake, Smith.

ADVERTISEMENTS

# FROM A FRESHMAN'S DIARY AND SCRAP BOOK...

Sept. 10—My first day at college, this is really one swell place. We can come and go as we please. I talked to Dean Brown and he made me sign up in some stiff looking courses, then I met my room mate, and unpacked. We had a meeting of the freshmen tonight. Those football boys are plenty tough. I've already had my first paddling.

Sept. 12—Met my first classes today, some of the professors are mighty nice. After dinner today I had my physical examination and was measured for a uniform. They've got plenty of rifles here, we won't get them for a while yet though. Learned to spell several more upperclassmen's names today. Boy! Am I sore!

Sept. 21—I'm still sore from the rat run, but managed to get out to the reception tonight. I met one cute girl, but an upperclassman took her away. Got plenty of punch, and met several of the professors' wives. Got another beating tonight. This one was for not introducing my date to an upperclassman.

Sept. 21—We played Clemson today to open the season. It was Coach Johnson's 25th years as coach here, and almost 8,000 people came out. We were beaten pretty badly, but even in the last quarter the students kept yelling for the team. Someone told me that was the P. C. spirit. Guess I've got a lot to learn. The student body gave coach a present between halves, and he talked over the radio.

Sept. 20—I'll never forget this day as long as I live. Right after supper tonight, we had the "Rat Run." Some of those football boys beat on me all night. By the time we got up town I was too sore to sit in the picture show, and too sick to eat the candy that we got. One boy had to eat an onion and another ate a raw egg. I had to come home and go to bed, couldn't sleep though.

NINE INTERCOLLEGIATE SPORTS. . . . THREE SPLENDIDLY RATED PUBLICATIONS.

SPECIALIZED TRAINING IN MILITARY, RADIO, AND BUSINESS.

BACHELOR'S DEGREES IN ARTS, SCIENCES, AND COMMERCE OFFERED.

---

WILLIAM P. JACOBS,  
President

CLINTON, S. C.

Oct. 11—The varsity played Newberry tonight. We all went down but for some reason the team never did get together. Newberry beat us pretty badly, but everyone says that we'll win the next game. I still don't see what this P. C. spirit is. Really am glad that I didn't go to the game with Davenport, he had a wreck in Goldville, but nobody was hurt. After I saw the wreck, though, I wonder why they weren't all killed.

Sept. 21, Cont.—One of the students got a picture of the first team that Coach Johnson ever coached at P. C. They all came back for the celebration. This is the biggest football game I have ever seen. The only time I ever saw this many people before was at the state fair last year.

Oct. 1—Just finished my first test in Bible. I never knew there was so much that you couldn't learn by just reading.

Oct. 25—Pledge dances began today. Everyone had been telling me how good the P. C. dances were, but I never believed that they could be as good as the ones this week-end. The orchestra wasn't anything special but the girls were mighty fine. Had a hard time getting a shirt for Dad's tux. A lot of the fellers wore tails, and some of them didn't dress up at all. We all expected a test in Chemistry Sat. morning but didn't get it.

Oct. 21—We just finished beating Citadel. All the boys were mighty glad because they got a raw deal at Citadel last year. There wasn't any doubt about who won today tough. Went to the dance in Sumter after the game, and met some real cute girls. A friend of mine lives there so I'll have to go home with him some week-end.

Compliments of . . . .

LELAND YOUNG, Manager

CLINTON, South Carolina

Nov. 30—We had a concert from one of the world's greatest Cellists tonight, and it was really good. I never thought that I would enjoy that kind of music, but Mr. Eisenburg seemed to enjoy playing so much, and the music was so fine, that I couldn't help but like it. Some of the football boys even came to the concert.

Dec. 8—We had another test in Math today, and one in English. The Math seems pretty easy to me, but some of the fellers don't seem to be able to catch on to it.

Dec. 9—Finally got a chance to go down to Sumter to see that girl I met last month. Here's hoping the weather stays clear because I'm bumming down with two other boys. That's over a hundred miles, but some of the upperclassmen even bum down to Florida on a week-end. I don't see how they do it.

Nov. 10—We went to the blocking trophy banquet tonight. The all-state team was there, and a lot of the best coaches in the south. One of our players got honorable mention for the trophy for S. C., and Collangelo, the man who helped Newberry beat us, was on the all-state team.

Nov. 20—We've played four more games and won them all. Beat Mercer 3 to 2. Frank Sutton kicked the winning goal. We beat Erskine, and Wofford, and Stetson. How that team came from behind, after four losses is beyond me.

Dec. 4—Started working in the canteen. I don't have to work but one night a week and only two mornings. Last week-end, I had my first "bumming trip." My room mate and I went to Winthrop to see a girl of his. We got back at one thirty and then the next day we went to Lander. I'm just now realising why P. C. was put in Clinton. It's mighty handy to all the girls' schools.

J. McDOWELL RICHARDS, President

Dec. 14—Had good luck on my trip down to Sumter, but the girl I dated didn't seem nearly as cute as she was on the dance floor. Maybe I was mistaken.

Dec. 17—I went outside and took this shot at twelve-thirty tonight. I don't believe anybody went to sleep all night. They were all packing up and getting ready to "Hit the road" tomorrow.

Dec. 10—I finally got Dr. Boyd to pose in a picture. He teaches me Bible and even if it is a little bard at times, I believe it's my favorite subject.

Dec. 11—Today was almost as warm as spring so everyone was sitting around outside the Dormitory. I got a shot of all the Smythe boys.

Dec. 16—Everyone is getting ready to go home for Christmas, so I decided to send out my suit to be cleaned. We don't have to take our clothes anywhere. There are two or three boys who come around every night, and all you have to do is give them your suit. They don't always get the clothes back on time though.

*Portraits by*

NICHOLS  
CLINTON, S. C.

Jan. 10—I had to go to the Lieutenant today and ask for an excuse for the classes I missed last Saturday. He scared the daylights out of me and I couldn't hardly tell him what I wanted. They say he's a lot harder than the men last year, but that we are getting a better training. I didn't get the excuse.

Feb. 3—We saw the finals of the tournament tonight. Our team still had five men in the ring, and three of them won their weights. "Chick" Easley won his weight and also was voted the best boxer of the tournament, and he and Sutton are going to fight in Jacksonville.

Jan. 4, 1941—It still seems hard getting up in the morning at 7:30 after two weeks of loafing. We must have forgotten all the drill we ever knew, because they are really making us work out there in the mornings. It's so cold sometimes that some of the boys faint.

Jan. 20—Exams started today. They will last all week and I have one on the first and the last days. Some fellers I had never seen with a book are studying now, and even those that know their lessons have to work late. A few of the lucky stiffs are through on Wednesday, and get nearly a week's holiday.

Jan. 30—The Golden Gloves Tournament started today in Greenville. We had our team entered and they all did real well for the first night.

# PIONEERS IN THE ART OF Creative Idea Printing

*Creation of the idea is as essential to the selling of the product as the printing of the finished idea. The JACOBS PRESS not only produces printing of quality but also offers the services of a competent editorial idea producing staff.*

*The first eight pages of this book are printed in four color process by ~ ~ ~*

**JACOBS PRESS**

Feb. 12—Coach Johnson left today for his year of duty in the army. He's a Major in the national guard, and is going to be stationed in Georgia. One of the men on the annual staff gave me this picture of him in his "overseas" cap.

Feb. 16—Coach Nixon left today to his duty in the navy for a year. It looks like everyone is going. A couple of the students had to go too.

March 8—The second aviation has started to work now. I really wish I could take that course, but you have to be at least a sophomore to do it. A friend of mine, who is taking it, will take me up as soon as he gets his license.

Feb. 4—Intramural boxing started today. I'm fighting in the 150-pound class. After seeing all the good boxing last week, I thought I'd be able to win easily but my man whipped the stuffing out of me. That's good, though, because I can enjoy the rest of the fights. The best one of them all was the unlimited weight match.

March 5—Intramural basketball this week. I had to borrow some shoes and they didn't fit so now my feet are all blistered. The A. L. T.s won the tournament but it was a mighty close game. I helped the armory orderly clean the rifle racks today, there must be at least a thousand rifles.

PHOTO-PROCESS ENGRAVING CO.

115 - 119 LUCKIE STREET ★ ATLANTA GEORGIA

March 11—Chick Easley was beaten in the National Golden Gloves Tournament in New York today. We were mighty sorry he had lost after winning the South Carolina and the Southern tournaments. He won the first night but lost the second one on a decision.

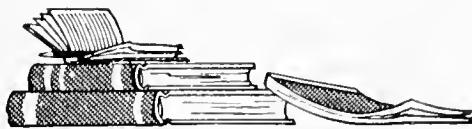

March 12—It was so hot this morning at drill that all of us perspired pretty heavily in the physical drill. That's better than freezing to death. They say we will be drilling without coats soon.

March 17—Started to cut chapel today but didn't. Now I'm glad I went. The South Carolina Girls' Glee Club sang for us today. I took one of them to dinner after their concert. Think I'll have to go down to Carolina a few times this spring.

March 21—Went down to baseball practice this afternoon. The team looks pretty good, and some of the fellers seem to think that we have a good chance to beat Duke.

## SUCCESSFUL ANNUALS

ATLANTA

March 26—We beat Duke this afternoon in the first ball game of the season. Castlebury pitched and now I know that what the fellers said about him was true. He can really put the steam on 'em. Alexander played a fine game too. He's probably the best ball player on the team.

March 27—I'm going out for track now. I can't do anything, but it's good for me to get the exercise. We should have a pretty good team this year.

March 28—Intramural volleyball started today. I had to cut track practice to play and then we lost. I'm going to enter the horseshoe and ping-pong tournament next week. The Y. M. C. A. really is putting on a fine intramural program.

April 4—Today was a big day for the school. A visit from the G. W. C. Glee Club, in the morning, and in the afternoon, we won two tennis matches, a baseball game, and a golf match.

*Congratulations to Coach Johnson*

The firms advertising in the 1941 PAC SAC have shown their willingness to cooperate with the school and the student body, and through this kind help, have contributed much to this year's annual. To our friends, the advertisers in this annual, we extend our deepest appreciation. To the students of 1941 and 1942 we say *"Patronize these Advertisers."*
